

ICP2016 14 - 16
March
2016
Hilton Hotel, Sarawak, Malaysia

What to Expect at ICP2016?

We are bringing 3 renowned **KEYNOTE SPEAKERS:**

Plus, **more than 30 FEATURED SPEAKERS** from around the world:

Prof Philip Russell, Max Plank Institute for the Science of Light
Title: Gas, Glass and Light: The Multifaceted World of Photonic Crystal Fibres

Prof Min Gu, Royal Melbourne Institute of Technology

Dr Senichi Suzuki, NTT Corp
Title: Advanced Integrated Photonic Components for High-Speed Optical Networks

Prof Boon S Ooi, KAUST, Saudi Arabia

Title: InGaN/GaN Nanowire LEDs and Lasers

Prof Christina Lim, University of Melbourne, Australia

Title: High-Speed Optical Wireless Communications for In-Building Personal Area Networks

Prof Gil Fanjoux, FEMTO-ST Institute

Title: Enabling Technologies for Future Sustainable Photonic Network

Prof James A Lott, Zentrum für Nanophotonik

Title: Energy-efficient VCSELs for Integrated Optoelectronic and Photonic Systems

Prof Md Roslan Hashim, USM, Malaysia

Title: TiO₂ doped ZnO Nanorod Arrays by Chemical Bath Deposition

Prof Min Li, Wuhan University of Technology, China

Title: Measurement of Trace Ethane using a Mid-IR LED

Prof Stefan Skupin, CELIA, Bordeaux, France

Title: Structured light as a Versatile Photonic Tool for surgery Application

Dr Tetsuya Miyazaki, NICT Japan

Title: Enabling Technologies for Future Sustainable Photonic Network

...and more..

Non-Author Participants Fees

USD650 or RM2600

or

USD250/day or RM 900/day

Organizer:

**IEEE
photonics
Society**

Transforming science into technology™
Malaysia Chapter

Technical
Co-sponsor:
