Company Profile

CPH Travel Agencies (S) SdnBhd is a family run business established in the year 1968. As Sarawak's pioneer and leading tour operator, we believe in a long lasting partnership based on trust and teamwork. And we hope to be a part of your hospitality plan in providing our fellow guests a memorable stay and unforgettable experience in Kuching. We have a strong and growing team of 50 professionals which consist of office management, in house guides and well trained chauffeurs.

Services

Our tours and services include hotel reservations, ticketing, boat rental, limousine services and all sorts of local tours readymade for our visitors. Our facilities include custom built tour coaches, mini vans, saloon cars, and a small armada of modern fiberglass boats. With the largest manpower in the industry, we are sure that we will be able to assist in making your guests arrival till departures as flawless as possible. And if required, we will be able to gain support from other transport operators who we have been working closely and with the exception that they are at least at par with our standards.

Advice

Through our experience on handling MICE in Kuching, logistics play an important role in ensuring that events run smoothly especially when the convention centre is not practically accessible by public transport. Back up service should be made available at all times with emergency backup of vehicles on standby in case of breakdown due to technical problems with an efficient technical team ready to support.
